The Farm GmbH / MD

**Martin Menz**

Relaxdays E commerce. / CEO

**Philipp Schatton**

SignSpin UG/ CEO

## WORK EXPERIENCE (4+ YEARS)

### ● Professional Development (July 2023 - June 2024)

Personal Sabbatical

- Deepened my understanding of modern JavaScript frameworks through coursework on Codecademy.
- Explored CRM systems like Salesforce, AWS and GCP gaining a foundational understanding of cloud-based solutions.
- Enrolled in B1 and B2 German language courses to better understand and integrate with the culture, facilitating day-to-day interactions.

### ● The Farm GmbH | Berlin (Feb 2022 - June 2023)

Frontend Developer

- Developed a 10-page responsive site along with a secured login system using OAuth2.0, React.js, Typescript, and Tailwind CSS.
- Coded and styled 6 radio streams used by radio listeners across Germany using Nuxt.js.
- Orchestrated as one of the lead front-end developers focusing on migration from Vue2 to Vue3 and unit testing(JEST) alongside mentoring Interns.

### ● Relaxdays GmbH | Halle (Aug 2019 - Jan 2022)

Frontend Developer

- Developed a product backlog micro frontend that provides article information across 7 European countries using Javascript and React.js.
- Coded an internal permission app for managing the permissions of all 150 employees using JWT authentication and OAuth2.0 authorization.
- Integrated Datadog APM to monitor and optimize application performance, resulting in a 20% improvement in load times.

### ● SignSpin UG | Magdeburg (Jan 2018 - July 2018)

Mobile Application Developer Internship

- Designed and developed a cross-platform mobile application to track employee work schedules using Angular, Firebase and Android SDK.
- For better evaluation of the application, a 3-day feature trial run was carried out across three different cities with 50 people using the application simultaneously.
- Different technologies like Ionic, Cordova, and Git were leveraged during development.
